# Introduction

- Why people leave jobs
- Generational differences
- Attracting talent
- Retaining talent

# Talent is Tight!

- IT professionals are gainfully employed
- Texas Workforce Commission (June 2013):
  - Texas unemployment rates holding at 6.5%
  - National average 7.6%.
- Texas 2<sup>nd</sup> to California with almost 500,000 technology jobs
- Result: endless IT opportunities in Texas

# Why People Leave

- Work is about the money
  - Provides housing and food
  - Sends kids to college
  - Allows for retirement
- American Psychological Association study:
  - Personal time and attention from supervisor

# Reasons

- Lack of leadership
- Performance recognition
- Unmanageable workloads
- Employee equality
- Poor communication

# Reasons

- Control of their work
- To belong to the “in-crowd”
- Growth and development
- Achieve better work-life balance

# How to Attract Different Generations

*“Each generation imagines itself to be more intelligent than the one before it and wiser than the one that comes after it.”*

George Orwell
